### And What Have You

By BOB CRAIG

The Pied Pipers closed out a tremendous season here Friday night, even though they did not come up with a victory over Stamford and the playoff spot against Crane.

The boys worked real hard all year and played the best that they were capable of and you can not ask for any more than this.

As far as we can tell everyone enjoyed this season, the boys, the coaches, the school faculty, the student body and all of the townspeople. We know that for our part it has been a real pleasure to cover the games this fall and to watch these youngsters give their very best every week.

Naturally we wish that the kids could have won the district race, if for no other reason than it would have brought more recognition for their fine efforts. But in this league you have had a good year anytime you win more games than you lose. Especially is this so in district competition.

It is a little hard for us to get ourselves changed over to think about basketball, but with the first games coming up Saturday night, it is that time.

One of the finest things that has happened in Hamlin in years is the effort being made by the Woman's Forum to keep the Harden Memorial Library in operation. Not really so much that the Library is that important to the existence of Hamlin, but more as a symbol that the people care.

We have no idea how many people use the Library, or how many would use it if we had the finest one in the country, but still we feel that it is an important part of our community. To us, the availability of books to everyone is a part of our heritage and our freedom, and is worth working for.

It seems fitting that the women of Hamlin should undertake a project like this because if you look back in the early history of this country you will find that it was the women that brought schools, churches and libraries to our communities. It was the women that really tamed the frontier.

But somewhere between then and now the women seemed to have lost this early day zeal. Maybe this is because more of them work and raise families at the same time now and are not concerned as they once were. We hope that this trend is changing.

As an innocent bystander we have been amused at people trying to tell these women that they can not make this Smorgasbord a success either because it is too much work, because the price is too high or a number of other reasons. You will always run into trouble when you try to tell a group of women that they can not do something.

One of these days we need to find a major project for Hamlin that we could interest the Club Women and the Jaycees in. How could a combination like this fail?

#### HOW TO BAKE A CAKE

Light oven, get out bowl, spoons and ingredients. Grease pans, chop nuts. Remove 18 blocks and seven toy autos from kitchen table.

Measure two cups of flour, remove kids' hands from flour, wash kids. Measure one cup more flour to replace flour on floor.

Put flour, salt, baking powder in sifter. Get dustpan and sweep up pieces of bowl which said kids knocked on floor. Get another bowl. Answer doorbell. Answer phone. Bandage foot cut on missed piece of bowl. Return to kitchen. Remove kids' hands from bowl. Wash kids. Get out eggs. Answer phone. Take greased pan and remove 1/2 inch of salt. Look for kid that did it. Grease another pan. Answer doorbell, then phone (always timed for togetherness).

Return to kitchen and remove kids' hands from bowl; wash shortening, etc., off of them. Take up greased pans and remove chopped egg shells layering bottom. Head for kids who flee, knocking bowl off table with mixer still going.

Wash kitchen floor, table, ceiling, walls, dishes, kids. Call the baker. Lie down and cry.

## Basketball Here Saturday Night

The Pipers and the Pipersettes will open their basketball seasons here Saturday night when they host Spur with the girls game to start at 7 and the boys game to follow. Tuesday night they will be joined by the boys B team when they travel to Wylie with the first game starting at 5:30.

Head Basketball Coach Earnie Reusch told the Lions Club Tuesday at noon that he was looking forward to a real good season this year and that

he will have the tallest team that he has had since he has been here. While he will have only two starters back from last year he will have boys up from the B team that had a 16-1 season last year.

The two starters are Milton Davis who was all-district and all-area last year and Terry Holt, a fine defensive player. Coach Reusch said that he has two real good shooters in Milbourne Newland and Van Covington and that his biggest problem will be in his bench in that he does not have any tall boys in reserve.

He rated Hamlin, Haskell and Colorado City as the top three teams in the district this year.

Girls' Basketball Coach Dan Truelove also told the Lions Club that he is expecting a good year and that he has 14 of the 15 girls back from last year. But he also added that the district will be strong this year with Winters, Anson and Haskell each just losing one or two girls from last year.

Coach Truelove has three all-district girls back from last year in Margaret Cooper, Linda Bailey and Pauline Lakey.

## Tickets Going Good for Dinner

Tickets for the Smorgasbord to be held here Dec. 3 by the Woman's Forum went on sale Friday and early indications are that 500 adult tickets will be sold.

tickets will be sold for each time period in order that the patrons may be served efficiently.

Early planning by the food committee is now underway and each clubwoman has been contacted to get a first, second and third choice of the food they wish to prepare. From this list foods will be selected for the menu. A wide variety of specialty dishes will be featured as well as old favorites.

An early peek at the list of foods include homemade pound cake, King Ranch chicken casserole, Swedish meat balls, homemade bread, fruit salad, and many different kinds of pies and cakes.

The Smorgasbord is a fund-raising project to take care of remodeling expenses at the Harden Memorial Library. The clubwomen are being joined by other interested women in preparing food for the event.

Tickets are still available at the BCD office and the Hamlin Herald, and from the clubwomen.

## Neinda Philosopher Wants to Start A Public Opinion Poll to Off-Set High Cost of Living

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One offers us a business proposition this week which we'll have to decline.

Why don't you and me go into the public opinion poll business?

I got this idea last night while I was looking over a copy of the Abilene Reporter which my dog dragged into the yard yesterday afternoon and left there un-torn, didn't like the taste of it, I guess, although I don't know why, you ought to see some of the bones he chews on.

At any rate, over on an inside page there was the result of the latest Gallup Poll. After surveying people clear across the nation, the Poll discovered that the "most urgent problem facing the average man and his family today is money." Of all family problems, it found, "the high cost of living overshadows all other worries of the American people today."

This is the reason you and me ought to start our own public opinion poll. I could have discovered the same result without interviewing a single person or using even a 5-cent stamp, and if you can

sell the poll to other newspapers, everything we take in will be net profit, and I can sure use my part to help meet the high cost of living. You bought any tractor parts lately? Been to the hospital? Re-placed a picture tube? Fed a growing boy? Bought any dog food?

There are some things a man just knows automatically, and one of them is that regardless of how much he earns, his family is always one jump ahead in needing a little more. Every time he gets into a new income bracket, he discovers his family has been there for months already.

Another thing about this poll we ought to start is that we could use it over and over. Not only is it true that the average consumer is in an economic squeeze today, he was in one yesterday, last year, ten years ago, and most likely will be in one ten years from now. By the time you own one car, your family needs two, and when you swing that, color television comes in and the family next door has a speedboat.

Let's get this poll going. My tractor is missing out and my t. v. set is flickering.

Yours faithfully,  
J. A.

## Old Glory News ...

By Judy White

Slow rains brought about an nch of moisture to this community during the first few days of last week, halting all field work and providing an ideal situation for the sportsmen and also some sports women. Some packed their bags and rifles and headed for the woods near Mason and other favorite hunting spots, hoping to bag a deer or two. Others just took the old shot gun and headed out

the back door, hoping to run across the covey of quail they had been keeping an eye on while waiting for this season to finally get here. Others who paid no heed to hunting lake, hoping the fish were still season preferred to go to the biting. Sportsmen or not, all of us enjoyed the bright sunny weekend.

## COLDS AND FEVER

THE COMMON COLD . . . one of the few viruses that man has not conquered with a cure. The only thing that we have come up with so far, are medicines to give us relief. Perhaps, some day, someone will come up with the solution.

There are many spiritual things that we do not know the answers to. These things we must accept on faith.

*"The secret things belong unto the Lord our God; but those things which are revealed belong unto us and to our children forever, that we may do all the words of this law."*

God has revealed himself, his son, and his commandments, these are the major things. Attend church Sunday, learn more of God's will for your life.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Pipers Fall to Stamford

The Pied Pipers failed to take advantage of several first half breaks here Friday night as they fell to a quick, fast Stamford Bulldog team, 18-7, in a game that gave the district title to the Bulldogs. The Bulldogs put 11 points on the scoreboard just before the half ended to take a lead that the Pipers could never overcome.

The Bulldogs gave up possession of the football the first three times they had it on a pass interception and two fumbles. But the Pipers failed to score as they fumbled the ball back on the first and then gave up the ball the next two times when they failed to make their first down by inches on the Stamford 24 and 37 yard lines.

The hard fought contest saw-sawed back and forth through most of the first half before Stamford recovered a Phillip Simpson fumble on the Hamlin 23. Six plays later Danny Harvey kicked a 21 yard field goal to put the Bulldogs out in front.

Following the kickoff the Pipers failed to make their needed yardage on a fourth and four situation and Stamford took over on their own 46 with 30 seconds left on the clock. Three plays later the

Bulldogs scored on a nine yard pass from Quarterback Bobbie Anderson to Wing-back Jondy Selmon. The same combination was good earlier for 37 yards to get the Bulldogs in scoring position. Selmon made a diving catch for the two point conversion.

For the Pipers, the first half was a game of inches as they missed two first down tries by inches and a pass from Quarterback Bob Clifton to Simpson was just inches too long with Simpson three or four steps ahead of his defender.

The Pipers came back strong in the second half as they moved down to the Bulldog five in 10 plays on the running of Simpson who also passed once for 19 yards to John Holland. On fourth down and five, Clifton's pass

to Holland was too high and the Bulldogs took over. Three plays later Milton Davis recovered a Stamford fumble on the 11 and on second down Simpson went over his left end for the 11 yards and the score. Jimmy Hastings added the extra point and the Pipers only trailed by four.

Stamford drove the ball down to the Hamlin four yard line following the kickoff with the Pipers taking over again on a fumble. An exchange of quick kicks lost the Pipers three yards as the Stamford kick rolled dead on the Hamlin one yard line. On fourth down Charlie Shira punted out to the 34.

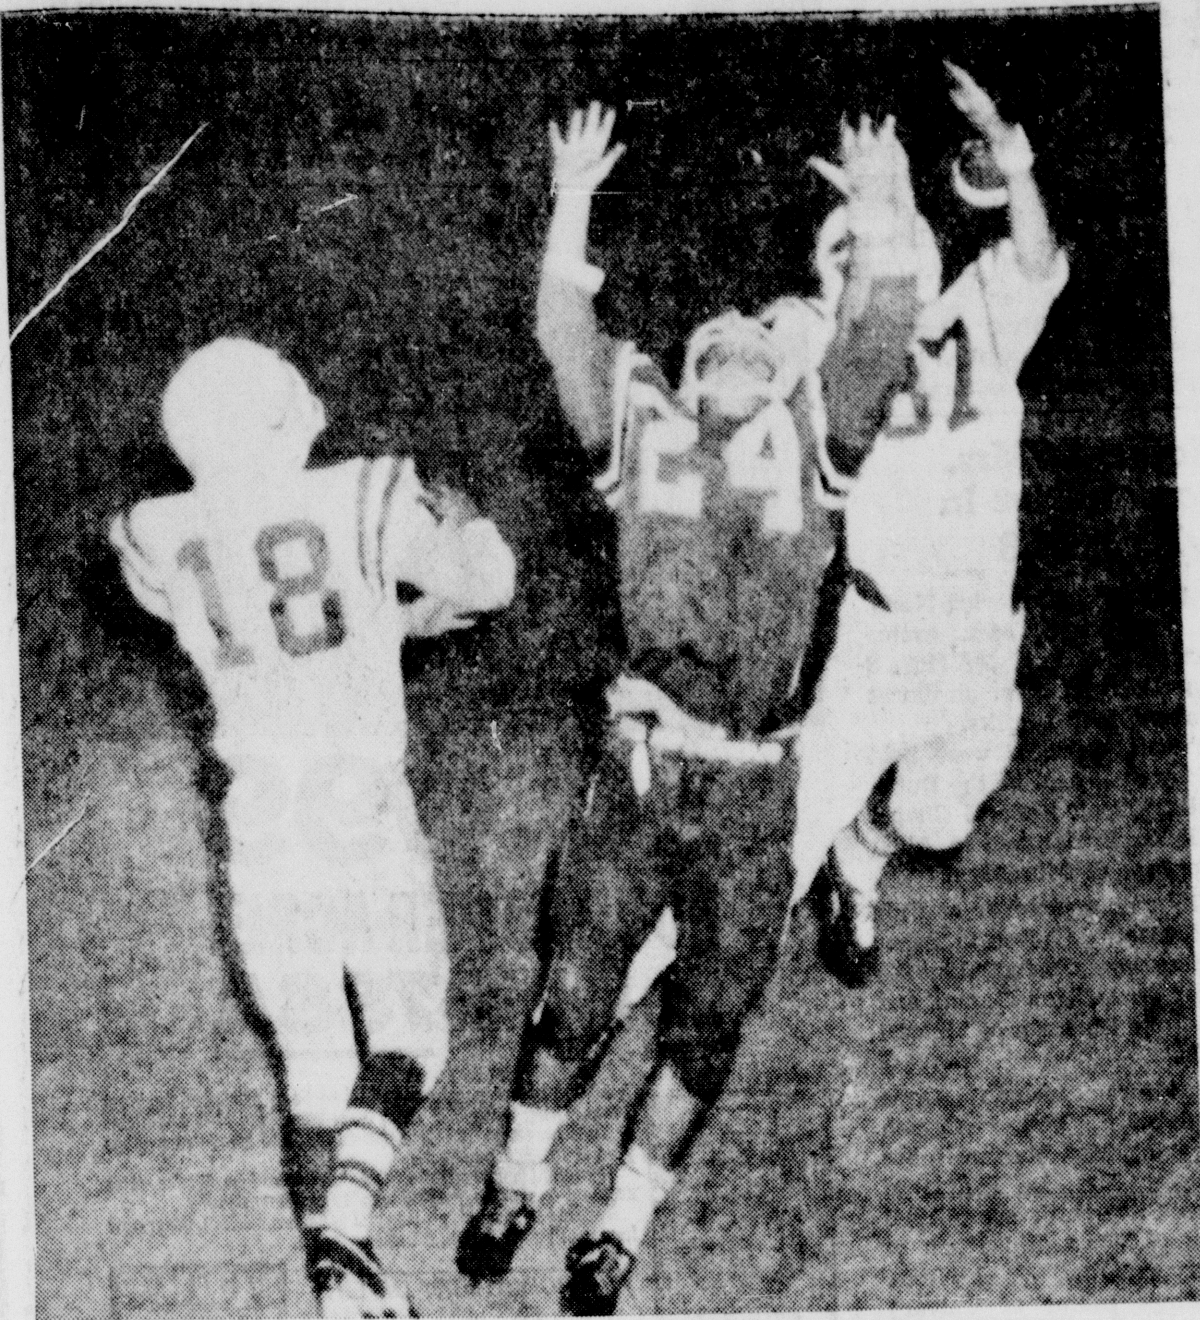

Six plays later Stamford scored to put the game out of reach of the Pipers with Quarterback Joe Upshaw sneaking in from the one. The big play of the drive was a 23 yard ground gainer by Vasquez.

Following the kickoff, the Pipers moved down to the Stamford 39 before giving up the ball on downs. Stamford used five plays to run out the clock.

With an undefeated season in district play the Bulldogs took top honors in District 5-AA and will meet Crane in

# "Hi DADDY"

"Hi Daddy! When are you coming home?" How happy it would make our Heavenly Father if we responded to His voice in the same joyous manner that this little child has responded to his Daddy's voice. Enthusiasm for God's Way would turn a greater number of people toward God and His love. "I was glad when they said unto me, Let us go into the house of the Lord" (Psalms 122:1) would be a joyous response to God's command, "Forsake not the assembling of yourselves together." (Hebrews 10:25)

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Nigeria Missionary to Speak At Baptist Workers Conference

The Jones County Baptist Association will hold their monthly Workers Conference at the First Baptist Church in Anson on Nov. 21. The meeting will open at 5:30 p.m. with the Executive Board Meeting and supper will be served at 6:20 p.m. Special music will be furnished by the First Baptist Church of Anson. Guest speaker for the evening will be Miss Dale Moore, missionary to Nigeria.

Miss Moore works with churches in Port Harcourt, a rapidly developing industrial area. "Several years ago I sought God's leadership for my future work," she says. "My impression, which I firmly believe came from the Lord, was that one of Baptists' greatest needs in Nigeria is a stronger local church program. I said, 'Lord, I'll try.' Her aim is to help deepen the spiritual life of individuals, to challenge Christians to faithful service, and to help churches develop organizations that will minister to the spiritual

needs of all ages. Her method is to concentrate her efforts on an individual church for 3 or 4 months at a time. Miss Moore's work was interrupted when Nigeria's Eastern Region, in which Port Harcourt is located, declared itself the independent Republic of Biafra on May 30, 1967. She left Port Harcourt a few days later and proceeded to the States for furlough.

Appointed by the Foreign Mission Board in 1952, Miss Moore taught in a Baptist girls' school in Lagos and worked with churches in the Niger Delta region before moving to Port Harcourt in 1965.

Born in Tucson, Ariz., she grew up near Blackwell, Tex., and graduated from Hardin-Simmons University, Abilene, with the bachelor of arts degree and from Southwestern Baptist Theological Seminary, Ft. Worth, with the master of religious education degree. She directed youth work for

FBC, Dallas, Texas for two and a half years.

Marine private Danny Contreras, son of Mr. and Mrs. Trine Contreras and 1965 graduate of Hamlin High School, has been here on a two-weeks leave and has left for his assignment in Vietnam.

Mr. and Mrs. Gilbert Pena

Guerra are parents of a girl, Evangelina, born Nov. 11 at 4:07 p.m. She weighed 6 lbs. 7 1/2 oz.

# Film, 'LSD, Insanity or Insight,' To Be Shown At High School Fri.

A film, LSD Insanity or Insight, will be shown here Friday at 1 p.m. in the high school auditorium for high school and junior high students. Parents are also invited to see the 18-minute film.

The showing is sponsored by the Taylor-Jones Medical Auxiliary and is an attempt to program an educational need of young people to the dangers of using drugs — marijuana — and especially LSD.

Mrs. Travis Smith of Abilene, president-elect of the Woman's Auxiliary to the Texas Medical Association, said that all interested parents should view the film. She added, "We are under the impression that many adults with teen age youth in their families are closing their eyes to the danger of drug experimentation."

LSD is lysergic acid diethylamide, one of the newest and most powerful drugs to confront and alarm society. It is one of the fastest acting drugs.

The amateur use of LSD is so alarming as there has not been sufficient research made to know how it affects the user. It has been used by individuals numerous times without ill effect then they have taken it one more time and had tremendous reaction to the drug emotionally and mentally. It has taken some individuals months to recover their sanity after such a reaction. There have been a number of times when the user has had to remain in custody of a psychiatric institution.

Research on the drug is strictly controlled by the National Institutes of Health and by the Veterans Administration.

Education is fundamental to any control program.

The Medical Auxiliary's aim is to help young people to develop a respect for drugs. It is their hope that this film showing will have an impact on our young people to the extent they will be very cautious in experimenting in the use of drugs of any nature. The message that the program will convey to the teenagers is that the life they conserve mentally and emotionally may be their own.
